

Board of Trustees of the National Provident Fund

NPF RESPONSIBLE INVESTMENT EXCLUSION LIST - JULY 2026

This is a list of companies whose securities the Board of Trustees of the National Provident Fund has decided will not be held by the National Provident Fund (Fund). This list applies to securities held directly in the Fund's name through our segregated mandates. These make up most of our investments. A minority of the Fund's investments are in collective investment vehicles (i.e. managers' funds) where we cannot apply our exclusions, however we do advise those managers of our exclusions for their information. This exclusions list is periodically reviewed and updated and is provided for general information purposes only and not intended for any other purpose

Excluded Countries for Sovereign Securities

July 2026

Sovereign Nations excluded from Investment are those subject to UN sanctions, the Russian Federation, and Belarus. See <https://www.mfat.govt.nz/en/peace-rights-and-security/un-sanctions> and <https://www.mfat.govt.nz/en/countries-and-regions/europe/ukraine/russian-invasion-of-ukraine/sanctions> for more details.

*In March 2022, Annuitas made the decision, along with other CFIs, to exclude the securities of majority Russian state-owned enterprises. The New Zealand government subsequently issued sanctions against a range of Russian and other entities pursuant to the Russia Sanctions Act 2022 and Russia Sanctions Regulations 2022 (the Russian Sanctions), which managers are required to implement when investing on behalf of GSF/NPF. In December 2023, the securities that had been excluded in March 2022 were removed from the exclusions list given the implementation of the Russian Sanctions, on the basis that the Russian Sanctions had effectively superseded the earlier exclusion decision and the relevant securities could not be acquired under the Russian Sanctions.
